The thing that kept us in good stead was our unwavering commitment to all our stakeholders, particularly to home buyers. We have come a long way since then and today, we are one of the most respected and reliable real estate players in the country. Accordingly, it is only fitting for us to aim big and hence, we have set a goal to deliver 50,000 units in the next 5-7 years. In the next 5 years, we will be investing around Rs 10,000 crore.”

“Our track record will certainly help our cause. Besides providing possession of dream homes, we have honoured all our commitments. Till date, we have not defaulted on any payments. All EMIs, statutory dues, taxes etc have been paid on time. We also have robust HR policies for our employees, who continue to remain our biggest strength,” **Mr. Gaur added.**
